

"Four" Your Information

About Addison's 4th Grade

Week of December 16 - 20, 2019

Reading & Language Arts

We will continue to practice run-ons and fragments. Students are finalizing their opinion essays.

We are beginning our unit on idioms, proverbs, and adages. This unit will continue into the third marking quarter.

Math

We will continue to work on long division, using partial quotients. Students are learning how to set up think boxes, which is a set of multiples of the divisor. This is different from the "traditional" method of long division.

Science/Social Studies

We are continuing with the New Nation in social studies. We will test before the holiday break. We will be doing a holiday related STEM activity this week. When we return in January, we will begin with the water cycle.

A note was sent home at the end of the week about our STEM day. Please see if you have any of the materials that you can contribute.

Reminders!

If your child does not celebrate the holidays, please be in communication with your classroom teacher.

Room moms are working hard on class parties. Please be on the lookout for emails from them.

AC Reading & Language Arts

- Monday Spelling Bee and Comprehension grade on Daful paired text
- Tuesday – Firsthand and secondhand accounts assessment
- Wednesday – Final assessment on A Long Walk to Water.

AC Math

We will have a division test on Tuesday and continue to work on interpreting the remainder. This involves knowing if you have to drop/ignore it, use it to round the quotient, focus on it, or make it a fraction/decimal.

Upcoming Dates

Dec. 19-20 – 4th Grade STEM day

Dec. 19 – Early Release

School wide pajama day
Class Holiday Party 11 – 12

Dec. 20 – Early Release

Dec. 23 – Jan 3 – Winter Holidays

Jan. 6 – Students back to school

Reminders!

End of unit tests will be announced by each teacher several days before the test is given. This should be written in your child's agenda. Please check it daily.

Class spelling bees will be happening soon!
