

# "Four" Your Information

About Addison's 4<sup>th</sup> Grade

Week of August 19, 2019

## Reading & Language Arts

Students have been learning about plot structure of a text. In writing we have been working on developing a strong paragraph.

Students have had, or will be having, their first visit with Mrs. Nelson in the Learning Commons. Be sure to ask them what they learned or worked on while they were there.

## AC Reading & Language Arts

- Learning Commons Orientation
- Vocabulary Workshop word study begins
- Sign of the Beaver discussion questions and "Grand Conversation" cultural norms across societies
- "All Summer in a Day" vocab test review & test corrections
- Plot test based on plot mountain graphic organizer

## Math

Students took their first test on Friday. This week students will use their knowledge of place value to compare and round numbers.

Students will be taking the Math Inventory (MI) this week. This assessment shows a baseline of students' number sense and math skills compared to fourth grade standards.

## AC Math

We will have a quick focus on comparing numbers before moving on to decimals. We will also continue to work on Powers of Ten as it relates to whole numbers and decimals.

Students will be taking the Math Inventory this week as well to get a baseline of their number sense and math skills.

## Science/Social Studies

In Science we will be finishing up Night and Day, Seasons, and Moon Phases next week. We will be testing at the end of this week. Students can study their science journal, science book, and worksheets completed in class to prepare for the test.

We will begin our unit on the Revolutionary War the week beginning 8/26. Hold on to your coon skin caps and furs! We'll begin with the French and Indian War.

All classes will be visiting the Science Lab this week.

## Upcoming Dates
