

# "Four" Your Information

About Addison's 4<sup>th</sup> Grade

Week of September 2 – 6, 2019

## Reading & Language Arts

Students continue to develop a narrative writing piece. Grammar activities may include identifying antonyms and synonyms. Reading focus continues to be identifying theme in a text.

## Math

Even though we had intended to wrap up place value last week, we felt that students needed some extra time to review and practice concepts. Therefore we will be having our cumulative assessment this coming week. After that, we will be working on addition and subtraction. This would be a good time to practice math facts, such as combinations of 10: 1+9, 2+8, etc. Math fact fluency is a great advantage to helping students with speed and accuracy when computing.

## Science/Social Studies

We will be discussing the causes of the American Revolution looking at the different taxes that were imposed on the colonists, the Boston Massacre, and the Boston Tea Party.

All classes will be visiting the Science Lab.

## Reminders!

Coach Golden and Coach Peavy have had to talk to all of the classes about appropriate behavior during PE. Behavior in specials matters as much as it does in the classroom. An NI will keep a student off of the Honor Roll.

Please keep in mind that this is a 4<sup>th</sup> grade newsletter. All classes move at different paces.

## AC Reading & Language Arts

- Study of theme continues
- Sign of the Beave novel study continues
- Narrative Writing  
Punctuating dialogue  
Transition words & phrases  
Office 365 document sharing

## AC Math

We will take our first test on place value this week followed up with some Exemplars. With Exemplars students must be able to apply skills and concepts to problem-solving situations and to communicate their thinking to others (the hardest part for some!) We will move on to addition and subtraction of whole numbers and decimals.
